FINE SPARRING PROMISED.

The Pastime Club will Give a First-Class Entertainment.

The Pastime Athletic Association is preparing to make its next public entertainment worthy of the patronage of everybody. The club has gathered about it some high-class pugilists, men who, while they are good and game fighters, are gentlemen always. Take, for instance, Reilly. He never would be taken for a pugilist by those people who think that a pugilist must necessarily be a tough. He will be a principal in the coming event, which will probably come off next week, at the best place in the vicinity. Prof. Gillespie may meet him in the ring if the proper encouragement is given the club, and there may also be a fine wrestling match.

The character of the people in the association and its past record are sufficient guarantee that whatever they offer in the future will be worthy of patronage.

A WHEELING MAN

Killed in a Railroad Wreck Out at Beleska, Iowa.

News was received yesterday afternoon by telegraph from Beleska, Iowa, of the death in a railroad wreck of Matthew Fleming, formerly of this city but lately a resident of Iowa. At the time of his death he was on his way from Iowa to a point in Illinois to accept a position as a moulder. The particulars of the accident have not yet reached here, the only news received being a telegram from the railroad officials announcing the unfortunate man's death. The remains left Beleska for Wheeling last night, and the burial will be here.

He had many relations and friends here, G. F. Pointer of Gutman & Co., being a brother-in-law. His wife is at present here on a visit with friends, and she first heard the sad news yesterday afternoon.

The Mingis-Nelson Wedding.

There was a wedding at the Zane Street M. E. church last night at 8 o'clock, the contracting parties being Mr. Harry B. Mingis, of Columbus, and Miss Lottie B. Nelson, of this city. Rev. J. A. Fullerton performed the ceremony. A party of Columbus people, friends of the groom, Miss Ethel Mingis, Messrs. G. C. Mingis, Earl Mingis, J. F. Naylor, Mr. and Mrs. E. N. Gates and Mr. and Mrs. Ed. Nelson attended the wedding which was a brilliant affair.

The groom is a traveling salesman in the employ of the Goodwin Shoe Company of Columbus, and the bride is the daughter of Mrs. Tamer Nelson, of Eoff street.

"Uncle Tom" To-Night.

Of Stenson's "Uncle Tom's Cabin" Company, which appears at the Opera House this evening, the Terre Haute Star says:

An immense crowd held a sort of mass meeting around the Opera House doors while sections of it filed in and packed the house until the card was hung up, announcing standing room only. This unusual demonstration was not due to anything new, for it was only Uncle Tom, but Stenson's management includes good and liberal advertising. The show was to an admiring audience; its funny side was enjoyed immensely, and the pathetic incidents met equal appreciation.

A. O. U. W. Memorial.

The trustees of the synagogue have kindly tendered the use of that church to Welcome Lodge, A. O. U. W., for next Sunday afternoon, in which to hold their memorial services. It is expected there will be a large attendance, as all the lodges of the order in this city have been invited, also the general public. This lodge has only lost one member by death in the past year, Brother Isaac Stewart.

Mrs. Flora Williams and Mr. Charles Zulauf are among those who will take part in the exercises.

A. O. U. W. Memorial.

LaBelle Lodge No. 2, A. O. U. W., will have its memorial service this evening, it being the anniversary of the death of brother John J. Upchurch. Addresses will be made by Revs. Fullerton, Dornblaser and others, and appropriate music will be rendered.

WEATHER EFFECTS.

The Influence of Cold Weather on a Few Articles.

SNOW MELTED SOME YESTERDAY.

Prices on Eggs and Pork Products Influenced in an Upward Direction by the Cold Spell—Hundreds Skating on the River Ice—Average Temperature 12 Degrees Above.

The Temperature Yesterday.

7 a. m.	5	2 p. m.	16
8 a. m.	6	3 p. m.	17
9 a. m.	7	4 p. m.	18
10 a. m.	8	5 p. m.	19

12 m.	10	7 p. m.	21
1 p. m.	11		

Yesterday was about the warmest day experienced since the present extended cold spell set in about Christmas. In the morning it was bitterly cold, the thermometer registering 5 degrees at 7 o'clock, but by noon it went up to 13, and during the afternoon the sun came out brightly and had some effect on the temperature, 17 degrees being reached at 3 o'clock. That was pretty sultry, comparatively speaking.

For the first time in about two weeks snow melted yesterday. There was not a general thaw by any means, but "Old Sol" warmed things up enough for the snow around the door steps to assume liquid shape.

Down on the frozen river immense spaces have been cleared of the snow, both on the front and back rivers, and hundreds of people of all ages and kinds were enjoying the fine skating afforded by the capricious Ohio. The temperature was not high enough to have any effect on the ice, so the river ice bids fair to get thicker and thicker. It is now perfectly safe for crossing on foot, though hardly strong enough yet for teams. Just now one of the main topics of conversation is on skating, and "long rolls," figure eights" and other mystifying terms are in constant use.

Some natural ice is being harvested about the city, but not such immense quantities as were packed when artificial ice was an uninvited blessing, and when such a good "ice winter" as this would be hailed with delight. Now the artificial article is of better quality and can be sold as cheap or cheaper than the natural ice. In small towns, however, where ice factories are yet unknown, this industry still prevails in all its old time vigor, and will in a measure hurt the sale of the manufactured ice in those towns.

The complaints of frozen water pipes and gas metres continued unabated yesterday morning, and as a consequence both plumbers and gas office employees were kept busy throughout the day and far into the night.

HAM OR EGGS

Substituted for the Old Sign "Ham and Eggs" in Restaurants.

The cold weather is aiding other causes in raising the price on the two luxuries of the hour, pork and eggs. The former is now quoted in the Wheeling live stock markets at 7 1/2 and 7 3/4 cents, and if it continues is bound to carry the retail price of pork and sausage up above 15 cents a pound, at which these have been selling for the past ten days.

A well known stock man said yesterday evening: "There isn't any show for pork to fall in price for several months, and in my opinion it will continue to rise until it reaches about 9 cents. Every day the visible supply decreases of course making conditions favorable for still higher prices than now prevail." Should pork go to 9 cents in the live live stock market, it will reach at least 17 cents at retail.

Eggs are getting scarcer every day, the supply of the fresh laid article being now very limited. If the cold weather continues the supply will soon become exhausted, when the cold storage article will have to be used.

"The cold storage egg" said a restauranter yesterday, "is really not fit for use in a restaurant. After being stored for any length of time it loses a certain flavor, and the shell adheres to the egg making it inconvenient, besides not being of good quality."

This same restauranter man adopting the INTELLIGENCER suggestion will hang up a sign to-day which reads:

HAM OR EGGS WITH MEALS
HAM AND EGGS EXTRA.

In explanation he said that these two favorite articles of winter diet, have got to be so expensive that he is compelled to charge extra for both, or furnish just one with meals. None of the restaurants are making much money, the prime cause being the general high prices which prevail on nearly all provisions and meats.

The Mark Twain Rod and Gun club will give its annual ball at Turner hall next Monday evening. Great preparations are being made.
